

## Troubleshooting Procedures for 2-pier rotary vessels Seminar Booking Form

Phillips Kiln Services (Europe) Ltd are pleased to invite you to the next 2-pier rotary vessel Maintenance Training Seminar to be held at a hotel in **Sheffield on 4th and 5th October, 2010.**

Our seminars have a reputation for being amongst the best in the industry calendar. Senior, experienced engineers present papers and offer their experiences on a wide range of relevant and interesting topics.

The workshops are designed to cover most areas of preventive rotary vessel maintenance practices, as well as shell inspection, lubrication, tyres and tyre elements, seals, bearings, rollers and bases, drive trains, 2-pier vessel alignment methods, thrust monitor alignment, roller adjustment and skew and reconditioning of tyres and rollers.

We aim to keep you up to date with the latest vessel maintenance techniques and demonstrate how carrying out regular checks and analyses can provide huge cost savings for your business.

**Simply fill in the attached form and return as soon as possible, stating your company purchase order reference and the names of the delegate(s) who will attend to reserve your place.** (Please complete one booking form per delegate).

**The cost of the seminar is GBP£1000 or €1200 (Euros) per delegate.**

This cost includes two nights accommodation, (Sunday and Monday), all meals and a full two-day programme of activities plus dinner. If you require accommodation for any further nights, please indicate on the reply form and this can be arranged for you at a special rate which you can pay directly to the hotel.

We look forward to welcoming you to the seminar.
